Authorization for this examiner's amendment was given in a telephone interview with James Howard on 7 March 2006.

The application has been amended as follows: in claim 11, line 8, "inhibiting" has been changed to -blocking--.

The following is an examiner's statement of reasons for allowance of the newly allowed independent claims: In claim 11, the examiner amendment causes the claim to define over Asbrand, because Asbrand doesn't have a one way valve blocking flow in one direction—it merely restricts (or inhibits) flow. Hamano fails to show a gap as now claimed. In claim 17, Asbrand has no groove. Hamano's groove is discontinuous and does not communicate directly with through passages 56..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
